

The greatest "know-how" is often concealed in the smallest things.

## Heinrichs – It's our turn

Nowadays, we are one of the leading German manufacturers of screw plugs and precision turned parts. Our focus is on the production of screw plugs with resilient jointing. With more than 75 years in the development and production – especially for hydraulic

Our consistent investment policy ensures ultramodern facilities.

lic applications – we developed our own standards and also numerous special solutions. Whether vent areas, boreholes, internal threads, external hexagons, torx or UNF threads – anything is possible!

As a family company in the third generation, we feel connected to our region, our employees and our business partners.

It is our belief that sustainability is the basis for our success. Reliability, solidity and quality have always been our principles. We continuously optimize our processes in terms of ergonomic, environmentally relevant and result-securing aspects. For years, more than 95 % of our customers constantly confirm our superior quality placing us in the category "top supplier".

### It's our turn!

#### Facts

Heinrichs & Co. KG  
 Industry: metal processing  
 Employees: 130 / Trainees: 12  
 Speciality goody: Screw plugs and precision turned parts  
 Volume: 100 million turned parts / year  
 Export: 30 % sales in 35 countries worldwide  
 Size: 10.000 m<sup>2</sup> area building area  
 Certifications: ISO14001, ISO/TS 16949  
 Subsidiary: Hebron, KY / USA

Automotive | Drive Tech | Hydraulics | Pneumatics | Electrical Industry

#### Equipment and Competence

- + 50 automatic multi-spindle machines
- + 10 CNC automatic single-spindle machines
- + 80 special machines
- + DIN parts | factory standard specified parts | drawing parts
- + Prototypes | short runs | high volume productions
- + Serial production ø 0,25 – 65 mm
- + Steel, stainless steel, aluminium, brass, copper
- + Special materials

Our head office in south-west Germany is near to the nature and close to the region.
